## DJ Gary

Starlight Party owner and DJ is Gary Graham. Gary has over 30 years DJ and Party experience and understands what makes a party great. Gary is also a successful actor, with hosting, presenting experience. Occasionally we might need to supply another DJ to your event. But each one is vetted by Gary, is part of our team and is of the same high standard.

No two weddings are the same, that is true! We at Starlight Party understand that your wedding will not be the same as the one the night before. We do not have a set playlist, we choose every song on the night (apart from requests) that we feel match your guests and for the first part of the evening we play a wide mix of music to get a feel of the room.

## Why Choose US ?

We do not claim to be the cheapest, we do not claim to be the best and we do not pass your booking on to the lowest priced DJ in the area. Starlight Party have been trusted by couples for over 8 years, we pride ourselves on offering a first class service for a fair price.

We will work with you to create the wedding reception you envisage. We are happy to accept a small playlist including must and must not plays and take requests from your guests too.. **01**

We use the latest in lighting and sound technology, creating a sweeping hearts or a stars lighting effect across the dancefloor for the first dance, then a full light show when the party gets going. **02**

If you book Starlight Party, you get Starlight Party. We don't take bookings we can not fill and sell to the cheapest DJ. We take pride on our quality of equipment, and experience of our DJ's. **03**
